

First Star Tonight was organized in 1986 by a group of community minded people who recognized the need for a local focus in providing support for terminally ill children and young adults.

Since its' inception, **First Star Tonight** has received widespread and generous support from the community it serves... the real "owners" of **First Star Tonight**

The board's constant and primary concern is supporting the most needy of our young, while maintaining the privacy and dignity of all to whom we provide assistance.

First Star Tonight has provided support to numerous local children, young adults, and their families. This support has taken many forms, including:

- Purchases of rehabilitative services.
- Trips to Disney World and other far away places.
- Cash grants.
- Home and vehicle access modifications.
- Computers/Software.
- Video Equipment.
- Prescriptive medications.

Special summer camp experiences.... and much, much more.

The mission of First Star is simple... to bring light into the lives of children and young adults who face illness.

Our goal to distribute assistance is only made possible through the generosity of others. In our community and elsewhere, many have donated services and goods, as well as support fundraising efforts by way of cash donations.

The **First Star Tonight** Board of Directors are always looking for people who enjoy the gift of giving, especially to those in desperate need. We welcome inquiries at all levels from people or businesses who want to make a positive difference in the life of a chronically or terminally ill child or young adult.

You can help...

Make many dreams come true. Consider becoming our partner in supporting the neediest of our children and young adults. We welcome:

- **Cash Donations**
